When all Authorized Facilities and other Annual Costs incurred by the CFD have been paid, the Special Taxes under each of the Special Tax programs shall cease to be levied. The District shall

direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. In addition, the Notice of Cessation of Special Tax shall identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

4. Administrative Tasks

Administrative tasks required of the Administrator are discussed below.

- A. Assignment of EDUs to Developed Parcels. Existing EDUs, Expansion EDUs, and Future EDUs are assigned to Developed Parcels at formation of the CFD and are identified by County's Assessor's Parcel in **Attachment 2**.

If it is determined that EDUs were incorrectly assigned to Parcels in **Attachment 2**, the Administrator will reassign EDUs to the correct Parcels for the purposes of determining the Special Tax Obligation.

EDUs may be added and reassigned to Parcels up until consideration of the Resolution of Formation.

- B. Subdivision of Parcels. As Parcels in the CFD are Subdivided, and to the extent that the Successor Parcels are assigned EDUs, the Administrator will perform the following tasks after each Subdivision.
1. Identify the Parcel or Parcels that are included in the Subdivision.
 2. Determine the number of EDUs assigned to the Parcel or Parcels created by the Subdivision.
 3. Using District records and other sources, assign EDUs to Successor Parcels.
 4. Update Parcel records showing new County Assessor's Parcel numbers and number of EDUs assigned to each Successor Parcel.
- C. Reassignment of EDUs to Parcels. If District policy allows for the transfer of EDUs from Parcel to Parcel where possible then the reassignment of EDUs from one Parcel to another Parcel will result in the transfer of the Special Tax Obligation associated with the EDU. The process for the reassignment of EDUs and transfer of Special Tax Obligation is provided below.
1. Existing EDUs. Existing EDUs could be reassigned to another Parcel if they are no longer needed for the Parcel to which they are currently assigned. A demolition of a structure or redevelopment of a Parcel could be an instance where the EDU is no longer required to serve the Parcel. The owner of the Parcel with the Existing EDU must notify the Administrator of the intent to transfer the EDU to another Parcel. Upon approval of the District, the Administrator will reassign the EDU(s) to the new Parcel and update all CFD records.

2. Expansion and Future EDUs. An owner of a Parcel with an Expansion or Future EDU must notify the Administrator of the intent to transfer the EDU to another Parcel. Upon approval of the District, the Administrator will reassign the EDU(s) to the new Parcel and update all CFD records..
- D. Annexation Parcels. The District will direct the Administrator to update CFD records when EDUs are assigned or reassigned to Annexation Parcels. The Administrator will assign the number of EDUs to the Parcel(s), the EDU type (Existing, Expansion, or Future), and assign the Parcel(s) to an Improvement Area.
- E. Maintenance of Parcel Records. The Administrator will maintain a record for each Parcel within the CFD. The record will contain the number of EDUs assigned to the Parcel, EDU type (Existing, Expansion, or Future), and the Improvement Area. Such records will be used to assign the annual Special Tax levy for Taxable Parcels.

5. Assignment of the Maximum Annual Special Tax

- A. Classification of Parcels. By June 30 of each Fiscal Year, using the Definitions in **Section 2**, above, the parcel records of the Assessor's Secured Tax Roll as of January 1, and other District records, the Administrator shall cause these:
 1. Each Parcel to be classified as a Taxable Parcel or Tax-Exempt Parcel.
 2. Each Parcel to be classified as a Developed Parcel or Undeveloped Parcel.
- B. Assignment of the Maximum Annual Special Tax to Taxable Parcels. The Maximum Annual Special Tax will be assigned to each Taxable Parcel using the following procedure Using the number and types of EDUs determined in **Section 4**.

Step 1: Multiply the Maximum Annual Special Tax Rate per EDU shown in **Attachment 1** by the number of EDUs.

Step 2: If a Sewer Rate is being charged in other Improvement Areas in lieu of the Maximum Annual Special Tax, reduce the amount calculated in **Step 1** by the amount of the Sewer Rate shown in **Attachment 1**, and as adjusted periodically by the Board.

- C. Assignment of the One-Time Special Tax to Taxable Parcels. The One-Time Special Tax will be assigned to each Taxable Parcel with assigned Expansion EDUs using the following procedures.

Step 1: Determine the number of Expansion EDUs assigned to the Taxable Parcel.

Step 2: Multiply the number of Expansion EDUs from **Step 1** by the One-Time Special Tax.

- D. Calculation of the Catch Up Special Tax: If the owner of an Parcel wishes to acquire an EDU from the District after the formation of the CFD, such owner must pay to the District a Catch Up Special Tax in an amount equal to the amounts of Special Taxes that would

otherwise have been paid through the CFD if such Parcel had an assigned EDU at the formation of the CFD. The Catch Up Special Tax is calculated using the following procedures.

Step 1: Determine the number of EDUs the owner of the Parcel will acquire from the District.

Step 2: Using the records for the CFD, determine the amount of all previous Special Tax levies assigned per EDU in all previous Fiscal Years, and including the current Fiscal Year.

Step 3: Sum the amount of each levy determined in **Step 2**.

Step 4: Multiply the amount from **Step 3** by the number of EDUs from **Step 1**.

Step 5: Multiply the sum from **Step 4** by 1.05.

Step 6: Collect the amount determined in **Step 5**.

Step 7: Update the Parcel record by adding the number of EDUs to such record.

6. Calculating Annual Special Tax Levy

The Administrator will compute the Annual Costs and determine the annual Special Tax for each Taxable Parcel based on the assignment of the Special Tax in **Section 5**. The Administrator will then determine the tax levy for each Taxable Parcel using the following process:

- A. Compute the Annual Costs using the definition of Annual Costs in **Section 2**.
- B. Calculate the Special Tax levy for each Taxable Parcel by the following steps:
 - Step 1: Compute 100 percent of the Maximum Annual Special Tax Revenue for all Taxable Parcels.
 - Step 2: Compare the Annual Costs with the amount calculated in the previous step.
 - Step 3: If the Annual Costs are lower than the amount calculated in **Step 1**, decrease proportionately the Maximum Annual Special Tax levy for each Taxable Parcel until the revenue from the Special Tax levy equals the Annual Costs.
- C. Levy on each Taxable Parcel the amount calculated above.
- D. Prepare the Tax Collection Schedule and, unless an alternative method of collection has been selected pursuant to **Section 10**, send it to the County Auditor requesting that it be placed on the general, secured property tax roll for the Fiscal Year. The Tax Collection Schedule will not be sent later than the date required by the Auditor for such inclusion.

The Administrator will make every effort to correctly calculate the Special Tax for each Parcel. It will be the burden of the taxpayer to correct any errors in the determination of the Parcels subject to the tax and their Special Tax assignments.

7. Collecting the One-Time Special Tax

After the formation of the CFD, the Administrator will prepare a direct billing of the One-Time Special Tax for all Parcels with an assigned Future EDU. The direct billing will be prepared and mailed to the owner of record shown by the County Assessor for such Parcels. The direct billing will be prepared using the following procedures.

Step 1: Using the procedure in **Section 5.C**, determine the amount of the One-Time Special Tax for Parcels with assigned Expansion EDUs.

Step 2: Mail the direct billings to the owners of such Parcels as shown on the records of the County Assessor as of the billing date.

Step 3: On April 1, 2012 determine if all property owners have paid the One-Time Special Tax. If all property owners have paid the One-Time Special Tax program is completed. If some property owners have not paid the One-Time Special Tax, perform the following steps.

Step 4: On April 1, 2012, multiply the amount determined in **Step 1** by 1.1 (10-percent penalty added to the One-Time Special Tax).

Step 5: Beginning May 1, 2012, multiply the unpaid One-Time Special Tax by 1.015 (a 1.5-percent interest cost added to the outstanding balance). Continue this procedure at the beginning of each month until August 1, 2012.

Step 6: If the One-Time Special Tax has not been paid by some Parcels as of August 1, 2012, using the amounts determined in **Steps 1, 4, and 5**, determine the unpaid One-Time Special Tax for each Parcel. Prepare a Tax Collection Schedule and request the County Auditor-Controller to place the amounts determined on the secured property tax roll for FY 2012-2013. Request that the County Auditor-Controller create a separate tax code for the One-Time Special Tax so that it is clear to the property owner that the Maximum Annual Special Tax was not exceeded by combining the One-Time Special Tax with the annual Special Tax levy.

8. Prepayment of the Special Tax Obligation

With a Prepayment, a landowner may permanently satisfy the entire Special Tax Obligation for one or more Parcels. By exercising the right to Prepayment, a landowner can eliminate the future annual Special Tax Obligation for one or more Parcels.

Prepayment is permitted based on the following conditions:

- Any landowner who wishes to exercise the right to a Prepayment for a Parcel must pay any and all delinquent special taxes and penalties attributable to that Parcel no later than the time of the Prepayment.

- The District determines that the Prepayment of the Special Tax does not jeopardize its ability to make timely payments of Debt Service to the Lender.
- If the prepayment is for Expansion EDUs, the One-Time Special Tax has already been paid.
- Parcel owners may make Prepayment by June 15 of any year in order to permanently satisfy the Special Tax Obligation to avoid further levying the annual Special Tax. Payments made after June 15 will not include the Special Tax levy for the following Fiscal Year.

The Prepayment amount calculation through June 30, 2012 is calculated using the following steps:

- STEP 1: Determine the number of EDUs assigned to the Parcel using the procedures identified in **Section 4**.
- STEP 2: Multiply \$11,880 by the number of EDUs determined in **Step 1**.
- STEP 3: Add to the product determined in **Step 2** any administrative costs of the District for processing the Prepayment (if any).

The Prepayment amount calculation from July 1, 2012 to June 30, 2013 is calculated using the following steps:

- STEP 1: Determine the number of EDUs assigned to the Parcel using the procedures identified in **Section 4**.
- STEP 2: Multiply \$11,880 by the number of EDUs determined in **Step 1**.
- STEP 3: Determine the amount of interest paid or currently due for Debt Service.
- STEP 4: Divide the number determined in **Step 3** by the total number of EDUs assigned to Parcels in all Improvement Areas.
- STEP 5: Multiply the amount determined in **Step 4** by the result from **Step 1**.
- STEP 6: Add the amount determined in **Step 2** to the amount from **Step 5**.
- STEP 7: Add to the product determined in **Step 6** any administrative costs of the District for processing the Prepayment (if any). Such costs may include fees, call premiums, or expenses which would be expected to be incurred by the District in connection with the calculation or application of the proceeds of a Prepayment.

The Prepayment amount calculation after June 30, 2013 is calculated using the following steps:

- STEP 1: Determine the Maximum Annual Special Tax which, if no Prepayment was made, would apply to the Parcel during the following Fiscal Year, based on the assignment procedure described in **SECTION 5** above.

- STEP 2a: Calculate the annual revenue which would be produced by the Maximum Annual Special Tax, based on the Maximum Annual Special Tax determined in **STEP 1**, from the date of Prepayment up to and including the final payment of principal.
- STEP 2b: In the event that all Authorized Facilities have been provided, the District determines that all anticipated Debt of the CFD has been issued, and the future Debt Service, through final payment or the maturity of all outstanding Debt, is known with certainty, the Prepayment amount shall be determined by calculating the present value of the annual taxes which would otherwise be collected from the affected Parcel up to and including the final payment of all outstanding Debt Service.
- STEP 3: Calculate the present value of the annual revenue stream determined in **STEP 2a** or **2b**. The present value shall be calculated using that discount rate which, when the Prepayment is invested in District-available approved investments earning a rate of interest equal to the discount rate, would produce annual revenues equal to the amounts calculated in **STEP 2a** or **2b**. If the Debt is issued on a tax-exempt basis, the discount rate may not exceed the Debt yield as determined by the Tax Reform Act of 1986, as may be amended.
- Step 4: Determine the amount of a Prepayment by adding to the present value calculated in **STEP 3** any fees, call premiums, or expenses which would be expected to be incurred by the District in connection with the calculation or application of the proceeds of a Prepayment.

9. Interpretation, Application and Appeal of Special Tax Formula and Procedures

Any taxpayer who feels that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the Administrator appealing the levy of the Special Tax. The Administrator will then promptly review the appeal, and if necessary, meet with the applicant. If the Administrator verifies that the tax should be modified or changed, the Special Tax levy will be corrected and, if applicable in any case, a refund will be granted.

Interpretations may be made by Resolution of the Board for purposes of clarifying any vagueness or ambiguity as it relates to the Special Tax rate, the method of apportionment, the classification of properties, or any definition applicable to the CFD.

Without Board approval, the Administrator may make minor, non-substantive administrative and technical changes to the provisions of this Exhibit that do not materially affect the RMA for purposes of the administrative efficiency or convenience or to comply with new applicable federal, state or local law.

10. Manner of Collection

The Special Tax will be collected in the same manner and at the same time as ad valorem property taxes, provided, however, that the Administrator or its designee may directly bill the Special Tax and may collect the Special Tax at a different time, such as on a monthly or other periodic basis, or in a different manner, if necessary, to meet the District's financial obligations.
