Notice to Big Bend Water Customers:

On May 19, 2021, Donner Summit Public Utility District (DSPUD) received notice to lift the boil water order for the Big Bend public water system from the Sacramento District office of the State Division of Drinking Water. The water system was previously out of compliance with the Safe Drinking Water Act for the Total Coliform Rule. Continuous monitoring has shown no levels of coliform in samples obtained and submitted to the state over the last six months.

The eradication of bacteria is mostly due to the recent completion of the new water system that services the Big Bend community. DSPUD will continue monthly water sampling per Best Practices in monitoring water quality.

Please contact the DSPUD office with any questions at (530) 426-3456.

Sincerely,

Tom Skjelstad  
General Manager
